
A natural movement, all the way from low heat to high

Along the side of this hob are the rotary control knobs. They're designed to be easy to twist and turn when you change the power levels of your hob.

Along the side of this hob are the rotary control knobs. They're designed to be easy to twist and turn when you change the power levels of your hob.

Product Benefits & Features

Always know exactly which zone is still hot

With this hob, you always know exactly which zones are still hot, thanks to the residual heat indicators, which cleverly reveal where the heat is.

- Bevelled sides for a sleek flush finish in the kitchen
- Residual heat indicators
- Side rotary controls
- Rotary controls
- Ceramic surface - easy to clean

The wipe-down surface

The ceramic glass surface of this hob is so easy to clean. A simple wipe, and you are done.

The versatility to install your hob anywhere you want to

Because this hob is independent, you have way more flexibility to install it wherever you want to. Choose the location that suits your cooking style.
